Copies of the constitution are being printed, after many corrections of proofs, and new application forms are being forwarded to the executive committee for approval, as per the constitution.

Application for membership are awaiting now forms. New membership cards have been printed.

Letter from Mr. Searle of Troy, New York, says he arrived home in the midst of a snow storm. St. Louis isn't the only city with lousy weather.....

Mr. Searle also wants six associate and six active membership blanks. That's the real spirit. Let's make this our by-word until next August or September:--"Every member get a member" (I heard that somewhere).

If you've got anything of interest to members, or if you've got any problems that you think the technical committee can handle, see Captain Batts of Indianapolis, or any member of the technical committee, or if you want to address your communication to me, I'll see that the proper party gets it.

The editor of the "National Police Officer" called me up to say that he received a \$1000.00 contract with RCA, and to inform me that we lost \$150.00.....

Start planning NOW for that trip to Indianapolis.-----At least it won't be so cold.

A very nice letter from Mr. Anderson of RCA in which he gives reasons (at this late date) for not displaying at the Convention. Also one from Mr. Cooper (REL), although we did hear from Mr. Cooper just before the convention, giving reasons----litigation.

Members of the inter-city committee:- don't forget that February 20th, is the deadline for your plans of operations.
